## GREAT STORIES

*All the greatest stories follow this pattern. The story was at it's darkest. For the disciples, it couldn't get any worse. Their Messiah died. The resurrection is the ultimate reversal, the "aha" moment. Looking at current events, it seems like we're losing our country, and everything happening is bad. The resurrection is the ultimate repeating reversal moment. We can always look back at the resurrection. Christ has already conquered. Every Easter Sunday, we get to rejoice in this and live in His triumph. This is the reality.*
